

Weekly Report

Aug 14th ~ Aug 20th

Done

1. Found cases, discuss with Peng and revised by Peng; finished cover letter and paper revision (for the time being)
2. Tried to add some hints in BeXplorer, still in progress. After that, will record video.
3. Spent some time in reading, acknowledging, and signing lease contract with a Davis lease company.
4. Minor revisions on BeXplorer paper.
5. Listen to several reports on the workshop.

To Do

1. Video recording of BeXplorer. Submit paper.
2. Push forward patent revision.
3. Start revision of BotRadar.
4. Order flight ticket, register IEEE student member, register vis.
